Monuments, cenotaphs, signs, bronze plaques, cemetery lettering.

The act of choosing a memorial is an important step. Through it you seek to express your memories, personal recollections and remembrances.

JOHN D. STEELE'S SONS LIMITED, has been established in the local area for over 124 years, and we remain totally committed to the highest quality of workmanship. Our firm is a family business spanning four generations and we take pride in our work. All the memorials sold by our company are completely manufactured from start to finish at our plant in North Sydney, using local labour and are made from the finest granites available today. Our recently expanded computer design department allows us to move into our second 100 years with endless design capabilities.

The management and staff of John D. Steele's are committed to supply a top quality memorial at a reasonable price. We produce a wide range of memorials and markers and we will match or lower any competitors price on a similar product. Our price includes engraving, foundation, taxes, delivery and erection by our staff. We inspect our memorials on a yearly basis and we stand behind our guarantee.

If we can be of any service to you please phone us (collect) or contact our representatives in your area. We will not contact you by phone unless requested to do so by you. Please do not see this as a lack of desire for your business but as a sincere respect for your loss.

We will visit your home if desired or you may wish to visit our manufacturing plant and showroom in North Sydney.

Leo C. Steele - President
